Dear Kedar,

As discussed with you yesterday, I have asked the vendor to send revised quotation for 500gb hard disk with 1 year warranty. Same is attached here for your reference.

Please provide the approval at the earliest so that I can get it replaced.

Dear Kedar,

I would suggest you purchase it from Pune, Install Windows, Configure softwares and send it to me through courier, I will get the hard disk installed locally.

This will save our cost and time both.

Regards,

Vikas
