Subject: Approval for Panipat tour

Dear Sir,
Tomorrow i am planning to visit panipat regarding 200 Ltr heat pump issue .
I am also planning to give the small onsite training on 200 ltr heat pump to Local sonipat & Panipat technician. So that in future, any 200 ltr heat pump related complaint can be handled by local service centre .

Due to COVID, i am avoiding to travel through public transport as in Haryana limited public transport services is available . So if possible can we go to panipat with private vehicle (own Vehicle) . From Chandigarh to panipat distance is aporox 170 KM single side and we have done this issue on same day.

Sir request you to please give the approval for panipat tour and also give teh approval to travel through private vehicle

Regards
Hemant
